

Privacy Policy for Bitcoin for the Arts (BFTA)

Effective Date: November 24, 2025

Last Updated: January 29, 2026

Bitcoin for the Arts, Inc. (“BFTA,” “we,” “us,” or “our”) is committed to protecting your privacy. This Privacy Policy explains how we collect, use, disclose, and safeguard information when you visit our website (bitcoinforthearts.org), interact with our services, or participate in our programs (e.g., grants, workshops, donations). By using our site or services, you agree to this policy. If you do not agree, please do not use our site.

We may update this policy—changes will be posted here with the updated date. Continued use after changes constitutes acceptance.

1. Information We Collect

We collect information in these categories:

- **Personal Information You Provide:** When you submit forms (e.g., grant applications, volunteer signups, workshop interest, feedback, board nominations), donate, or contact us, we may collect:
 - Name, email address, phone number.
 - Artistic details (e.g., portfolio links, project descriptions).
 - Payment info (processed securely via third parties like Stripe or BTCPay Server; we don’t store card details).
 - Bitcoin wallet addresses (for grants/donations).
- **Automatically Collected Information:** When you visit our site, we use tools like Vercel Analytics and cookies to collect:
 - Device info (e.g., IP address, browser type, OS).
 - Usage data (e.g., pages visited, time spent, referral sources).
 - Location data (approximate, from IP).
- **From Third Parties:** We may receive info from partners (e.g., grant platforms) or public sources (e.g., social media interactions).

We do not collect sensitive personal data (e.g., race, health) unless voluntarily provided in applications.

2. How We Use Your Information

We use collected information to:

- Process grants, donations, and program registrations.
- Communicate (e.g., updates, receipts, newsletters).
- Improve our site and services (e.g., analytics for user experience).
- Comply with laws (e.g., tax reporting for donations).
- Promote BFTA (e.g., feature success stories with consent).
- Prevent fraud/abuse (e.g., spam protection via Cloudflare Turnstile).

We retain data as needed for these purposes or legal requirements (e.g., donation records for 7 years).

3. Parties to Whom Information is Disclosed

We share information only as necessary:

- **Service Providers:** Third parties like Stripe (payments), BTCPay Server (BTC processing), Zoho Mail (emails), MongoDB (data storage), Vercel (hosting/analytics), and Zapier (automations) help operate our site. They are bound by confidentiality and use data only for us.
- **Legal/Compliance:** If required by law (e.g., IRS for tax-exempt donations) or to protect rights/safety.
- **Partners:** With consent, for collaborations (e.g., AEA/AGMA for joint webinars).
- **Public:** Aggregated/anonymized data in reports (e.g., donor leaderboard without personal details); success stories with permission.

We do not sell, rent, or share personal data for marketing.

4. Method of Disclosure

- Disclosures occur securely:
 - **Electronic:** Via encrypted APIs/connections (e.g., HTTPS for Stripe/BTCPay).
 - **Manual:** Email or shared drives for internal reviews (e.g., grant applications to board).
 - **On-Chain:** For BTC transactions, wallet addresses are public but not linked to personal info without consent.
- All transfers comply with data protection standards (e.g., GDPR for international users).

5. Security Practices

We prioritize data security:

- **Technical Measures:** HTTPS encryption, Cloudflare WAF for attacks, Turnstile for form spam, MongoDB access controls.
- **Organizational:** Limited internal access (need-to-know), regular reviews, employee training.
- **Physical:** Cloud-based (Vercel/Mongo secure data centers); no physical servers.
- **Incident Response:** We monitor for breaches and notify affected users/law enforcement if required.
- **Note:** For BTC donations/grants, security is your responsibility (e.g., wallet keys)—we recommend hardware wallets.

While we use reasonable measures, no system is 100% secure. Report concerns to info@bitcoinforthearts.org.

Your Rights and Choices

- **Access/update/delete data:** Email requests to info@bitcoinforthearts.org.
- **Opt-out:** Unsubscribe from emails/newsletters.
- **Cookies:** Manage via browser settings (some essential for site function).
- **For EU users:** GDPR rights (access, rectification, erasure) apply.

Children's Privacy

Our site is not for children under 13—we don't knowingly collect their data.
